LOGNOTE -- Chief, Operations Group, 24 July 1986

He has already begun working half days for EAA. No replacement has yet been identified to handle the FBIS FBN account in PMCD. Norm's current duties will be handled by [] Chief of the Compensation and Classification Policy Branch of PMCD, and [] a GS-09 who had been assisting Norm in wagescale preparation. Debbie is currently working full-time, but will revert to part-time status when the fall school semester begins. Norm has long been looking to transfer from PMCD, where he believed he had no prospects for advancement, and took advantage of a vacancy with the EAA for a transfer. The decision by PMCD and OP to allow the transfer was apparently precipitated by a conversation between C/Admin Staff, FBIS and C/PMCD, when the former advised that FBIS was looking for a long-term prospect to handle FBN affairs within FBIS rather than a short-term rotation for []
